## PROJECTS

---

- **Personal Portfolio Website** (React.js, Tailwind CSS) (August 2024 – September 2024)
  - Designed and implemented a personal portfolio website that showcases my resume, skills, and individual projects.
  - Built using React.js for dynamic content rendering and Tailwind CSS for responsive design, ensuring compatibility across various devices.
  - Enhanced user engagement by integrating Framer Motion for smooth animations and interactive transitions.
- **E-Commerce Site** (HTML, CSS, JavaScript) (August 2024 – September 2024)
  - Developed an e-commerce platform from scratch, prioritizing user-friendly navigation, and product listings.
  - Utilized HTML and CSS to design a clean, responsive interface and JavaScript for dynamic features like real-time cart updates.
  - Focused on improving the shopping experience by optimizing performance, accessibility, and mobile responsiveness.
- **Yale University Art School Website Study Case** (Figma) (August 2024 – Present)
  - Redesigned the Yale University Art School website was redesigned to modernize its layout, improve navigation, and enhance visual appeal.
  - Used Figma to create wireframes and prototypes, ensuring a user-centered design approach emphasizing accessibility.
- **Elomi Web Designs** (January 2025 – Present)
  - Co-founded a web design business, creating custom websites using Figma and WordPress.
  - Designed user-focused interfaces while managing project lifecycles and client consultations.
  - Expanding services to include SEO optimization for improved client visibility.
